In search of a job? Here are five suggestions from Between Jobs Ministries at Northwest Bible church:

1. Network, network, network. Mix with people and tell them your story.
2. Customize your resume to highlight how your experience will help in this new position. You should include a cover letter.
3. Practice a 30-second sound-bite about your experience and what you can bring to the table in case you come across a person you want to tell your story to.
4. Create an accomplishment-oriented resume—not so much about what jobs you have held or positions in other companies, but what you achieved in those companies.
5. Be well-prepared for interviews. Be ready to describe your strengths and weaknesses and what you can bring to the company.
